Dear Grannie:

We had a great time in Australia. We stayed in a beautiful hotel and we visited different places. The weather was very hot, not like in Manchester. During the morning we went to many places like museums and art galleries and in the afternoon we went to the beach. We swam a lot, the waves were great! We also ate many different types of food, the food was delicious in Australia. I bought some souvenirs for the family and some friends, you'll love them!. I can't wait to see you next week. Lots of love, Sara.

READING

6 Read about Mike's house. (Lea el texto)

My house when I was young

I'm Mike. My old house was near the sea. It was a big house, and it was about 100 years old. There were four bedrooms in the house. One was my parents' bedroom. The others were for me, my sister Jane and my brother Chris. Jane's bedroom was downstairs. Her bedroom was very small. The other bedrooms were upstairs.

My room

My bedroom was cool. There was a bed, of course, and there was a desk. There was a big,

comfortable armchair, too. There wasn't a TV, but there was a computer on the desk. It was

my favourite thing in the room! There was a CD player, and there were about fifty CDs in a

cupboard. There were some posters on the walls.

My brother's room

Chris's bedroom was different. There was a TV in his room. But there weren't any posters

in his room. There were some books on a shelf, but there wasn't a CD player. His room was

boring!
