DESARROLLO DE ACTIVIDADES

1) Reading Comprehension:

- a) Look at Mandy's blog, read the text and mark the sentences T (true) or F (false).

Mandy's Blog > Leisure time > What's yours?

At the weekend I usually hang out with friends, shopping or at the cinema, but sometimes I go bowling with my family. My dad is really good and often wins but my mum never does. She is lucky if she manages to knock down any pins. But she doesn't mind. We all have a good time. What about you? What do you do at the weekend?

Bowling sounds like fun. I often hang out with my friends, too. We usually play computer games, but sometimes we like to do something different. We play mini golf. We don't compete with each other, but we always have fun.

I love mini golf, I always have a good time when I play with my friends, but we don't go that often. I rarely have any spare time at the weekend because I am in a football team. We usually have practice on Saturdays and we often have a match on Sunday. My friends come to watch me play and they always cheer very loudly.
