GUÍA 10

Queridos alumnos, espero que se encuentren muy bien. Estamos transitando etapas finales en el año. Les recomiendo a algunos ponerse al día porque aún están a tiempo. La presentación de las guías es requisito fundamental para la promoción de la materia.

1ra Actividad

Match the general ideas with their headings. Une las ideas generales con los títulos de los textos.

- a-This text is about advices to grow up tomatoes.
- b-This text is about the operations of a new facility in a farm:
- c-This text is about the advantages of grass-fed cattle
- d-This text is about different kinds of storage
- e-This text is about seedling hybrid broccoli

1-Is raising grass-fed cattle the way to go?

2-Seeds

3-Cloudheaven sheep farm

4-CultiAdvice

5-Storage

2da Actividad

Choose 2 texts from exercise 1 and write a short explanation. Elige dos textos del ejercicio 1 y escribe breves explicaciones de los mismos. Hazlo en español.

Text 1

Text 2

3ra Actividad

Say if the following sentences are True or False. They were taken from the texts.
Di si los siguientes enunciados son Verdaderos (T) o Falsos (F). Fueron sacados de los textos.

- a-Drop two seeds per hole.
- b-Cattle in pastures are less likely to receive growth hormones.
- c-Dense clay doesn't prevent aeration.
- e-Confinement production means they have many losses to predation.
- f-Mold is growing near the south opening

4ta Actividad

Match the words (1-8) with the definitions (A-H). Une las palabras con las definiciones.

1-rancher

2-ewe

3-seed vigor

4-cattle

5-tower silo

6-confinement lamb production

7-hybrid

8-dense

A-the strength and survivability of a seed

B-a tall storage facility

C-cows and bulls

D-made by parents of different breeds

E-a method for raising sheep indoors

F-having a lot of material in a small space

G-a farmer who raises livestock

H-a female sheep

5ta Actividad

Fill in the blank with the correct words and phrases from the box. Rellena los espacios con las palabras y frases correctas de la caja.

growth hormones - mold - antibiotics - aeration - humus - seasonal market

- 1-Peter is worried about getting _____ in his silo
- 2-Use _____ to add nutrients to the soil
- 3-The farm produced more lamb for the _____
- 4-Most cattle receive _____ to keep them free from disease
- 5-_____ help cattle grow more quickly
