GENERAL REVIEW

ACTIVITY 1:A) READ THE TEXT ABOUT THE KARTAL'S HOUSE. *(LEER EL TEXTO)*

The Kartals are an ordinary family who live in a strange house. Their place is very comfortable and modern on the inside. It has three bedrooms, two bathrooms, a large kitchen, a spacious living room and a cozy dining room. It has digital TV, Wi-Fi, two telephone lines, gas and water supply – everything you usually find in any modern house today. But on the outside, the house looks like a mountain ridge. The living room and the dining room are at the front and

have beautiful windows with fantastic views. All the family members enjoy watching the sunrise when they are having breakfast in the morning. The bedrooms are at the back and are very quiet and really cool in summer. This part of the house is very dark and can get too cold in winter. The Kartals must always turn on the lights in this area of the house, and they must use gas heaters in winter. It's definitely a lovely but very unusual house to live in!
