**“THE TIME”**

En Ingles usamos a.m. (antes del meridiano) para referirnos a la mañana y p.m. (pasado el meridiano) para referirnos a la tarde, noche.

Para preguntar la hora decimos: What´s the time? Y para responder: It´s.....

Siempre se dice primero los minutos que pasan de tal hora o los minutos que faltan para tal hora y después se dice la hora.

Ejemplo: 3.25: It´s twenty five minutes past three a.m./p.m. (veinticinco minutos pasadas las 3) de la mañana(a.m.) o de la tarde (p.m.)

Ejemplo: 5.40: It´s twenty minutes to six a.m./p.m. (veinte minutos para las seis) de la mañana (a.m.) o de la tarde/noche(p.m.)
